

REMARKS

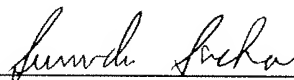

Favorable reconsideration of this application, as presently amended and in light of the following discussion, is respectfully requested.

Claims 1-21 are pending. At the outset, Applicants would like to thank the Examiner for the indication of allowable subject matter with respect to Claims 1-11 and 21 and the suggestion to the Examiner found on pages 2 and 3 of the Official Action which point out how to amend the claims to overcome the rejection of Claim 17 under 35 U.S.C. § 112, second paragraph and overcome the rejection of Claims 12-20 under 35 U.S.C. § 101 as being directed to non-statutory subject matter.

In accordance with the suggestions by the Examiner Claim 17 has been amended. In addition, the preamble of Claim 12 has been amended to recite "a computer readable medium including computer executable instructions, wherein the instructions, when executed by a processor, cause the processor to perform a method comprising:." In addition, the specification has been amended to delete reference to the website <http://www.bluetooth.org> as requested on page 2 of the Official action. In view of these amendments to Claims 12-20, it is believed that all of the claims in the application, i.e., Claims 1-21 are in condition for allowance and such action is respectfully requested at an early date.

Respectfully submitted,
